

Conference "Economic prospects of the common Turkic space"

22-23.10.2022

Resolution:

1. After discussing the abstracts of the presented reports and speeches by doc. Toktosunova A.I., acad. Kurbanov N.A., acad. Tairbekov B.B. and acad. Jafarov G.M. The conference concluded that the main directions for the development of economic thought soon will be:

- global change in technologies of large industrial enterprises and transport logistics;
- development of the economy of mass social and cultural initiatives;
- improvement of individual support technologies;
- expansion and deepening of new infrastructural opportunities.

2. Suggest acad. Tairbekov B.B. make a systematic justification of the provisions of Paragraph 1 of this resolution at the plenary session of the II International Systemological Congress of Turkologists.

3. Fully support the proposal of acad. Jafarov G.M. on the initiation of the creation of the All-Turkic Galagapy Federation.
