

## Conference "Turkic heritage"

29-30.10.2022

### Resolution:

1. Consider the term "Turkic heritage" as the basic term of historical sciences.
2. Include in the program of the 2nd International Systemological Congress of Turkologists the conference "The role of the Turkic woman in antiquity and in the modern world."
3. Recommend to UNESCO and school education structures of all countries of the world to include the Turkic folk game galagapy in the school education curriculum. Propose to prepare and implement an appropriate project of the International Academy of Systemology.
4. Considering that this conference is the last one within the framework of the 1st International Systemological Congress of Turkologists, to support all the resolutions of the previous events of the congress.
